You can rest assured that your unique situation will be treated with the utmost care and professionalism by our staff, using all techniques available to remove inaccurate and unverifiable items from your credit report. On average, a customer of Credit Justice Services will see a credit score increase of 50 to 100 points. Whether you are looking to purchase a new car, refinance your home, or simply planning for the future, your credit score is a major determining factor. Many organizations brand themselves as credit repair companies, yet lack customer service. With our company, you are empowered and educated by being personally involved in our transparent credit repair process. Your quest for credit recovery begins today!

“ . . . [you] will see a credit score increase of 50 to 100 points.”

All you have to do to get started is call to schedule an appointment. When you first meet with a representative of Credit Justice Services, he will review your credit report from all three major bureaus. Your representative will then explain what we can do to help you achieve the credit score you deserve.

Once you and your representative have devised a strategy to challenge inaccuracies on your credit report, the dispute process starts that very day. Credit Justice Services will begin to assist you in contesting your inaccurate negative

credit information directly with the credit bureaus and creditors. By drawing upon our extensive arsenal of repair strategies and experience, Credit Justice Services will provide you with customized letters for each disputable negative item.
